Our Strategic Planning Process: Four Focus Areas

Our Strategic Planning Process

- ▶ Guides you through topics that help you plan and develop or improve your program, considering things relevant to sustainability
 - Funding
 - Program services
 - Collaboration
 - Institutional commitment

Keep in Mind

- ▶ IHE has a site in the system
- ▶ To set up a site, we need the name and email address for the *team leader* (primary contact person)
- ▶ Once the site is established, the team leader can log in and add members
- ▶ Members are assigned roles, which include specific “permissions”

Keep in Mind - cont'd

- ▶ All members can log in to the team's site
- ▶ As we move from year to year, we set up a site for the coming year
- ▶ All the IHE teams that have participated in planning with us have 2019 sites
- ▶ For use during the November Postsecondary Education Program Planning Institute, we will establish 2020 sites for each team

Keep in Mind - cont'd

- ▶ If a team leader changes, please notify us ASAP, so we can assign that role to another member
- ▶ At a point during the year, we “turn off” the *planning function*
- ▶ The *reporting function* stays on until that year’s site goes inactive
- ▶ Significant security measures are in place to protect all the information in the system
